

Coach report A.G.M.

Training

General training has very busy sessions and quite sessions therefore needs to be adjusted as discussed by the committee.

Swimmers are progressing well and pleased to see County qualifying times even though there has been an adjustment to the ASA rules.

The quality of swimmers coming through is pleasing and I look forward to seeing these compete this year and on.

Assistant coach and current poolside volunteers

Are doing a great job on pool side however numbers have been dwindling again and would like to know if anyone can help out.

We could possibly find level 1 teaching courses for them.

Competition

Relegation in Micro league however this will hopefully give us a confidence boost in that league

Swim league excellent performance and best ever place again in arena league

Relegated in North East Lancashire Friendly league, however won first gala of 2015.

Next Year

Introduction of log books for some swimmers

I would like to create stronger links with Burnley BOBCATS with their new coach who seems to be a good coach

Thank you

I would like to take the opportunity to all committee members coaches, teachers and parents who help make the club successful.

In Summary

Our results are noticed by other clubs who comment on how the club has improved over the last few years.

I hope the club continues to grow in stature and becomes one of the areas most renowned clubs.
